President's Message

The State of the Unit is excellent, all things considered. All the sectionals showed a profit. There have been a variety of unit games mostly hosted by our clubs. We established a website which may be the most advanced one in the country thanks to **Dian Petrov**

who was hired as webmaster in the spring. **Bernie and Dick Czarnecki** continue to provide an interesting bi-monthly newsletter. Thanks to **Betty Metz**, there will be a Board Handbook – an information and “how to” manual.

As the end of 2010 nears, it is time to bid farewell to the outgoing Board members. First, I want to again thank **Pat Rasmus** for her 2 ½ years on the Board. She was an invaluable asset and newer members learned a lot from her. Second, thank you to **Stan Zionts** for his one year of service; he did a fantastic job heading up the nominating and election committee. Third, **Frank Kidd** was appointed in the spring for the remainder of the year and he has learned the ins and outs of obtaining sanctions and has booked our spring and fall sectionals through 2012. Thank you, Frank. Last and most importantly is **John Toy**. I don't know how the Board operates without him as he has been a member for as long as I have. I understand he has been alternating “on for 6, off for 1” forever and is “Mr. Unit Board Member!” Thank you John for the last six years and all that you have brought to the Unit as a Board member.

I personally want to thank each and every Board member for their diligence in attending meetings – 4 of 8 meetings there was 100% attendance and the others we were just down one or two – and for putting up with me. I also want to thank the many unit members that expressed and showed their support by attending events.

Congratulations to **Ruth Jones** and **Frank Kidd** for reaching their Life Master goal at the Buffalo Regional.

Remember to keep up to date with unit events by logging into our website: www.unit116.com. Let's look forward to 2011 and more exciting bridge hands.

Buff Submission Policy

- All submissions received early in the two-month period before publication will be printed as submitted, within reason. Any submission received towards the end of the construction period will be accepted at the discretion of the Editors and will be amended to fit the available space.
- In the search for fairness, the Editors feel a first-come first-served policy rewards responsible submitters. It certainly makes the complicated process of fitting all the information members wish to submit manageable. Late submissions may be printed as submitted in the following Buff. . **Late is defined as days close to the deadline.**

**Games
By Dick Czarnecki**

Did you know that if your resume shows interest in games, an employer will see that as a positive business factor?

Games teach number recognition, sequences, strategy and social skills like taking turns, learning rules, following rules, how to win or lose gracefully and individual or group success. So, as you were growing up playing Monopoly, Risk, Dominoes, Chess, Rock Paper Scissors,, Sorry, Masterpiece or even musical chairs, you were learning skills that helped you get along with others and even get a job.

They also prepared you for learning the Cadillac or if you prefer, the Town car of all games – Duplicate Bridge. Do you realize of all the games we’ve grown up with only two, Duplicate Bridge and Chess have associations that arrange competitions which end in World Championships. I bet you’re going to say but they have scrabble championships and Crossword Championships but can you point to the existence of clubs where you can practice your playing skills as you climb the ladder to the world

championship. This is a rhetorical question that I will answer for you and the answer is “**NO!!!**”

So keep playing at your clubs so eventually you’ll achieve club domination and prepare to move up the ladder until you achieve regional domination, national domination and ultimately **WORLD DOMINATION!!!**

Now won’t that be a rush! It might also end up with you being the Chief Executive Officer of your company.

All because you played games growing up and are playing games into adulthood.

Nominee for the Volunteer Award

I understand that this program is a pay forward award.

So, with great pleasure I nominate **Frank Kidd** for the Volunteer Award of Unit 116.

In my personal experience, I have found Frank Kidd to always step up to the plate. Two instances of this stick out in my mind. First, when asked to fill in on the Board of Directors for Unit 116, he not only said “yes” but has stepped up to handle the sanctions and sites committee. This committee puts into place all Unit events and their locations but also secures the sanctions from ACBL.

The second time I saw Frank give his time and energy to the Bridge Community was during the NLM Sectional that was held in July. As chairman, I asked Frank to be my right hand man. It turned out he was my right and left hand man. One trait made the difference, he not only did everything I asked but I found surprises all day, each day when he did jobs without being asked. He did them because he saw something that needed to be done and he did it. What a lovely gift to me when I discovered that jobs I thought I needed to do were ‘magically’ already done.

Sincerely submitted by,
Betty Metz

Nominee for the Volunteer Award

I would like to nominate **Sue Neubecker** for the Volunteer Hall of Fame.

Sue is one of those people who do their job without fanfare and loud noise – and do it well and promptly. She is always ready to give a hand and help a novice with a hint. Easy going character complemented by a nice sense of humor!

Being around bridge in Western New York for many years Sue knows the history and development, ups and downs of the game and that experience is used to benefit the Unit.

A bridge column from the past reported that Sue playing at BARRETT with **Gert Miles** won E/W with 62.96% on June 19, 1978. Ask her what bridge used to be then. Well done Sue!"

Hall of Fame
By the Editors- Dick & Bernie

The editors of the Buff want to honor all those volunteers who have worked creatively over the years to build Unit 116 into the organization it is today.

The editors want to thank all the members who have been elected to the Board of Unit 116 and who have additionally accepted leadership roles on the Board.

We will accept letters nominating the member you, the members of Unit 116, believe have helped to build the Unit into the progressive organization it is.

In 100 words or less, please nominate the person you think has gone beyond the norm in helping the Unit be successful.

The Buff will publish your letter and send a Hall of Fame thank you certificate to that nominee.

We often say, "People like to go to a party but are not so crazy about putting the party together." This is your chance to thank those people that actually put together the bridge parties we have been enjoying for many decades,

Either e-mail your nominating letter to bernieczar@aol.com or sanbornjoker@aol.com or if you prefer regular mail- send it to the editors at: 2961 Lockport Rd, Sanborn, NY 14132,

This program to thank people who should be thanked will only be successful if you participate. We, the editors, are thanking you in advance for your participation.

In a recent BCB game, E was declarer at 5 clubs despite an unusual NT call by N. Everyone knows defense is crucial and difficult at match points. One slip and the declarer will make more than she should. After he won the diamond opening lead (2-K?-A-4), N made the crucial slip of cashing the A of hearts before leading another diamond! E ruffed with his 6, led a spade to the K, and cashed the J, K, and A of clubs. He then ruffed a spade with dummy's 8, drew the last trump pitching his 7 of hearts, and led a heart to his hand which was all winners. What a difference if N holds on to his heart A, and leads a diamond at trick 2.

From Daily Bulletin – 7/25/10 - New Orleans

**I hate finesses!
By Leslie Shafer**

As declarer, you should always pause before playing to trick one to make a plan. Depending on the contract, the questions you ask yourself are slightly different.

In notrump contracts: 1) Count your sure winners, one you can take without losing the lead; 2) compare that total to how many tricks you need. "I see seven tricks, but I need two more to make 3NT."

In suit contracts: 1) Count your losers; 2) Compare that total with the number of losers you can tolerate. "I see five losers, but can only have three losers since I'm in a 4 heart contract."

One of the most popular ways of getting more winners (in notrump) or eliminating losers (in suit contract) is by finessing. Basically, you lead toward the card you *wish* was a winner. Most of my students are so darned proud of actually seeing a possible finesse, that they feel obliged to try it. An expert's view of a finesse is different: "Oh no, a finesse, I hate finesses! Let me keep looking for another way to get extra tricks. If there's no other way, I have to take the darned finesse."

Here's a deal with a very tasty-looking finesse.

	♠-QJ53	
	♥-AQJ4	
	♦-65	
	♣-AKJ	
♠-8762		♠-A9
♥-109876		♥-32
♦-92		♦-8743
♣-6		♣-87432
	♠-K104	
	♥-K5	
	♦-AQJ10	
	♣-Q1095	

Contract: 6NT
Opening Lead : ♥-10

Step 1: Count your sure winners. There are nine: four hearts, one diamond and four clubs.
Step 2: How many more do you need? Three
Step 3: Where can you find those extra three tricks?

When I gave this deal to my Monday class, some of the declarers were so mesmerized by their ♦-AQJ10 that they felt compelled to finesse! When the finesse failed they had only 11 tricks and went down. The proper suit to develop was spades. Simply force out the ♠-A and there is a net gain of three tricks for 12 total.

A strange thing happened at two tables: declarer properly played the spade suit after winning the opening heart trick but East switched to a diamond after winning the ♠-A, declarer finessed and went down! The lure of that diamond finesse was still there even after they had developed 12 tricks!

On the next deal, it's more difficult to find the alternative to the obvious finesse:

	♠-J105	
	♥-K98	
	♦-K7	
	♣-65432	
♠-8Q732		♠-986
♥-6		♥-54
♦-J10983		♦-Q652
♣-K98		♣-AQJ10
	♠-AK4	
	♥-AQJ10732	
	♦-A4	
	♣-7	

Contract: 6♥
Opening Lead: ♦-J

Step 1: Count your losers. Two: one spade and one club.

Step 2: How many losers can you tolerate? One.

Step 3: How can eliminate one loser?

One way to get rid of a loser is to take the spade finesse, a 50% chance. The expert would also see the ugly club suit as a way to develop an extra winner to toss the spade loser on. Even if you have ugly children, you still love them. If the seven missing clubs divide 4-3 (a 62% chance), it can be done provided there are enough entries to dummy. South must be careful to win the diamond lead in hand, preserving dummy's ♦-K as a later entry, and immediately lose a club trick. Even if the defenders continue with a diamond, declarer can ruff a club high and get to dummy two more times with trumps to ruff clubs. When the clubs divide 4-3, dummy's ♦-K or ♥-K will be an entry to the established club. If the clubs had not split, the spade finesse would still be available.
