

Betty Metz

Ten years ago, I ran for my first term on the Unit Board of Directors. I am please with the results of my effort and the effort of my fellow board members. Our unit runs smoothly and offers many opportunities for play. We have offered various programs for development within the bridge community – mentoring and youth lessons.

I care about promoting all aspects of bridge. That is my focus. I am a dedicated worker with ideas, energy and willingness to implement.

I look forward to another three years on the board. The possibilities are yet to be discovered.
